A smart alternative to your organization's internal and offshore manufacturing and material procurement needs!

A full service contract manufacturing company.

Let your organization focus on what it does best and let Mastek-InnerStep handle the rest! Mastek-InnerStep has over 30 years of manufacturing experience, a skilled workforce, and the infrastructure to be your manufacturing and assembly solution.

Mastek-InnerStep focuses on complete turnkey manufacturing services for R&D, low to mid volume production runs, and legacy products where the volume no longer makes the product viable for internal manufacturing. Mastek-InnerStep maintains certifications to ISO 9001:2008 as well as manufacturing process certification with other compliance agencies.
